SCIENTIFIC AND CULTURAL ORGANIZATION
CONVENTION CONCERNING THE PROTECTION OF THE
WORLD CULTURAL AND NATURAL HERITAGE

BUREAU OF THE WORLD HERITAGE COMMITTEE

Twentieth session
UNESCO HQs, Paris, Room X (Fontenoy)

24 - 29 June 1996

Item 5 of the Provisional Agenda: Information on tentative Lists.

1. At its seventeenth session in Cartagena, December 1993, the Committee expressed its concern on the small number of tentative Lists that meet the requirements as stipulated in the Operational Guidelines, paragraphs 7 & 8, and confirmed the importance of these Lists for planning purposes, comparative analyses of nominations and for facilitating the undertaking of the global and thematic studies. These Lists constitute also an inventory of the properties situated within the territory of each State Party, and which it considers suitable for inclusion on the World Heritage List (WHL). The Committee also confirmed that the tentative Lists are mandatory for cultural properties which the State Party intends to nominate for inscription on the WHL during the coming five to ten years.
2. Therefore, the Committee invited the States Parties, which had not yet done so, to submit tentative Lists in accordance with the Operational Guidelines, with the understanding that "preparatory assistance should be provided if necessary and requested by the State Party concerned". The Committee also decided that "as of 1 October 1995, only nominations of cultural properties that are included in tentative Lists which meet all requirements as stipulated in the Operational Guidelines would be processed."

3. In October 1995, 27 countries submitted nominations for cultural properties for inscription on the World Heritage List. Out of these countries, one had not submitted a tentative List and, therefore, that nomination was not deemed receivable. Three other countries had submitted nominations that were included in their tentative Lists but these Lists did not meet all the requirements stipulated in the Operational Guidelines. These countries were requested to abide with the decisions taken by the Committee at its 17th session in Cartagena.
4. In March 1996, out of **146** countries which had ratified the Convention,
 - only **58** States Parties had submitted tentative Lists in accordance with the criteria specified in the Operational Guidelines;
 - **34** countries had not yet updated their tentative Lists to meet the requirements; and
 - **54** countries had not submitted any tentative Lists.
4. All the tentative Lists received by the World Heritage Centre from State Parties having submitted nominations in 1995 are attached in **Annex I**, in alphabetical order.
